INFORMATION FOR PARENTS

This form may be mailed to your dentist to be signed if your child has been examined this year. Please enclose a stamped, self-addressed envelope for the form to be returned to you.

A dental examination is required for each student upon original entry into school (Kindergarten or first grade), in Grade 3 and Grade 7. Parents are urged to have these examinations performed by family dentists because they have the facilities in their offices to provide thorough examinations and are in the best position to recommend immediate steps for any needed care. Examination forms completed by the family dentists should be returned to the school nurse.
