GPA/CLASS RANK CALCULATION

Grade Point Averages are calculated on a 4.0-weighted scale, include all courses taken, and are cumulative starting in ninth grade. Grades are converted to a numeric grade equivalent, and the grade equivalent for each course is multiplied by the weight assigned to that course. Advanced Placement, honors, and college prep level courses are weighted as follows: AP 1.5, Honors 1.25, and all others 1.0.

Souderton Area High School does not publicly report students' individual class rank. If required for scholarships, armed forces, etc., counselors will report decile rank (10%, 20%, etc.) based on a quality point system. No type of ranking will appear on a student's high school transcript.

VALEDICTORIAN & SALUTATORIAN SELECTION
