

Winter 2024 Mentorship Programs

SAHS is offering Winter Mentorships for 10th and 11th grade students. Students will gain a perspective of career fields they are interested in while learning about various job opportunities, skills, applications, job perspectives, and personal career journeys. Guest speakers and projects will vary within each area. Each program will offer a field trip, and a college campus visit specified to majors within each program.

Winter Mentorships will run from the end of January to the beginning of March. These programs will be running after school into the evenings (roughly 3:00 PM - 6:00 PM). Spaces are limited. Each program has a varying schedule. Students must attend all sessions to earn full mentorship credit. We will offer one make- up date.

There will be an informational meeting for students on January 5th in the LGI during Red Zone.

There is a \$125 registration fee.

Please email Amy Tarlo atarlo@soudertonsd.org with any questions.

Culinary, Hospitality, Tourism Event & Hotel Management

The Culinary, Hospitality, Tourism, Event and Hotel Management Program will help students explore the many careers in the hospitality industry. Students interested in a fast paced career where they get to work with people of many different backgrounds should consider a hospitality career. In this Mentorship Program, we will visit Walnut Hill College, we will explore careers in tourism (Valley Forge Tourism Board), careers in hotel and event management (Merriott, Joseph Ambler Inn) among other opportunities. Students interested in this Mentorship Program can touch base with Mr. Fagan with questions.

This mentorship will meet on: Thursday, January 25th; Thursday, February 1st; Tuesday, February 6th; Monday, February 12th; Thursday, February 15th; Thursday, February 22 (during the school day); and Tuesday, February 27th

Engineering

Students will explore career fields in mechanical and electrical engineering through a hands-on project, guest speakers, field trips, and a visit to Lehigh University. Students will learn skills needed for an Engineering career and job perspectives. Students interested in this Mentorship Program can touch base with Mr. Bender with questions.

This mentorship will meet on: Tuesday, January 30th; Tuesday, February 6th; Tuesday, February 13th; Tuesday, February 20th; Tuesday, February 27th; Tuesday, March 5th

Design

Are you looking for a creative career, but don't know which direction to take? This mentorship program will explore multiple careers that allow you to showcase your problem-solving skills and express your creativity with people, technology, and products. Careers will include product design, graphic design, interior design, marketing, architecture, web design and many more in the fields of business and design. Students will tour a college, hear from guest speakers, and visit companies to gain a new perspective on their future career path. Students interested in this Mentorship Program can touch base with Mrs. Weismantel with questions.

This mentorship will meet on: Wednesday, February 7th; Thursday, February 8th; Tuesday, February 20th; Wednesday, February 28th; Thursday, February 29th

Exploratory

Not sure what career is right for you? Come explore various career fields in Health, Criminal Justice, Business and Manufacturing. We will explore various professions in each field, visit local businesses and learn about apprentice programs and 2-4 college degree programs. Students interested in this Mentorship Program can touch base with Mrs. Tarlo with questions.

This mentorship will meet on: Wednesday, January 24th; Wednesday, January 31st; Wednesday, February 7th; Wednesday, February 14th; Wednesday, February 21st
