

**Souderton Area High School  
Parent Participation Meeting  
April 24, 2024  
9:30 AM, Student Center**

11 parents were present.

**Program:**

- **Mental Wellness Center** – Assistant principal Michelle Noga explained the opportunities for students in the Mental Wellness Center. The calm, quiet, positive room was made possible by a donation from the Indian Valley Education Foundation. It is a place where students can gather with staff to work on their mental wellbeing.
- **Wheeler** – Michelle Noga, via pictures, introduced SAHS's therapy dog, which we expect to be at the school two to three days a week during the 2024-25 school year.

**Miscellaneous:**

- **Cady** – Sam Varano explained that beginning with the 2024-25 school year, we have an agreement with a new photography company, Cady. The company already had representatives meet with current juniors regarding senior pictures, and some information was sent via email.
