

Health and Safety Plan: Souderton Area School District

Initial Effective Date: August 26, 2021 **Date of Last Revision:** January 25, 2024 **Approval Date:** January 25, 2024

Part I: Guiding Questions

How will the LEA, to the greatest extent practicable, support prevention and mitigation policies in line with the most up-to-date guidance from the CDC for the reopening and operation of school facilities in order to continuously and safely open and operate schools for in-person learning? The District’s Health and Safety Plan (HSP) will take into account recommendations from the Centers for Disease Control and Prevention (CDC), the Pennsylvania Department of Education (PDE), the Pennsylvania Department of Health (PADOH), and the Montgomery County Office of Public Health (MCOPH). As such, the plan is a “living document” which may need to be revised as recommendations change. Such changes will be communicated to the Souderton Area School District community via email messages. The chart contained in this HSP outlines the actions the District will engage in to promote the health and safety of students, staff, and community members.

How will the LEA ensure continuity of services, including but not limited to services to address the students’ academic needs, and students’ and staff members’ social, emotional, mental health, and other needs, which may include student health and food services? The District will provide in-person instruction 5 days per week with the full complement of services necessary to meet the needs of students and staff.

Part II: ARP ESSER Requirements and District Responsibilities

ARP ESSER Requirement	Strategies, Policies, and Procedures
Universal and correct wearing of masks;	<ul style="list-style-type: none"> ● Masks/Facial Coverings: The District shall maintain the following expectations: <ul style="list-style-type: none"> ○ Indoor Activities: Masks/facial coverings are optional for all individuals, excepting that masks are recommended, but not required, for any individual with a recent COVID-19 exposure or illness as per <u>CDC guidelines</u> ○ Outdoor Activities: Masks/facial coverings are optional for all individuals. ○ Transportation Vehicles: Effective February 25, 2022, the CDC does not require masks on school transportation vehicles. Masks/facial coverings are optional for all individuals on all forms of school transportation.
Modifying facilities to allow for physical distancing;	<ul style="list-style-type: none"> ● Physical Distancing: The District shall allow as much spacing as possible when required to do so by MCOPH or PADOH.

(Individual student needs will be evaluated on a case-by-case basis.)
Coordination with state and local health officials;	<ul style="list-style-type: none"> ● Coordination with State and Local Health Officials - The District shall: <ul style="list-style-type: none"> ○ Report the number of positive student and staff cases to MCOPH upon request. ○ Monitor the recommendations of the CDC, the PADOH, and the MCOPH

Given the rapidly changing conditions and associated recommendations and/or possible binding directives of jurisdictional authorities related to COVID-19 and the meeting schedule of the Board, the Board authorizes the Superintendent to modify this plan at any time following the current Board action. Changes will be communicated to the board, students, families, and staff via email and web site postings. Nothing in this action, however, will prevent the board from modifying any of the actions of the Superintendent in the future or limit the board's role to review the Health and Safety Plan.
